DEKALB + FULTON

ABOUT US

We have provided medical transportation for over 12 years and we are excited to expand our reach to Dekalb and Fulton Counties. We take our role seriously offering medical transport as an extension of our client's care.

Broker portals may start a trip, but healthcare doesn't always run on a schedule. Appointments change, discharge timing shifts, and patients need communication that adapts. Arival works within your existing process and can provide phone, email, text or automated confirmations based on What your teams needs.

WE UNDERSTAND TRANSPORT

Every trip begins before we arrive at your door and isn't complete until you are safely back home. Our Care Concierge Team confirms details, supports recurring schedules, and helps prevent small issues from being stressful delays.

**IT'S NOT JUST A RIDE,
IT'S A RELATIONSHIP**

ARIVAL MEDICAL TRANSPORT

MEDICAID AND MEDICARE

We are seeking registration with medicaid and medicare in Dekalb and Fulton Counties

PRIVATE TRANSPORT

We are building our private network of families, facilities, care centers, adult nursing homes and rehabilitation centers. Please contact us to discuss your needs and build lasting relationships aligning our goals.

FACILITY RELATIONSHIPS

We have been mastering facility relationships because we understand how to make life easier for their teams. We consider ourselves the last part of the team when we transport our clients home.

CARE CONCIERGE TEAM

Our team is ready to get you to your destinations, build relationships, inform clients, and ensure our clients are on time and reduce wait times.
